Repair & Rehabilitation

CONGRATULATIONS to Dr. Dudley R. "Rusty" Morgan on his recent retirement and thanks for his tremendous contribution to ASA!

10 YEARS OF AMERICAN with SHOTCRETE ASSOCIATION

2008 ASA Outstanding Shotcrete Project Awards

For the fourth consecutive year, the American Shotcrete Association (ASA) received submissions for the Outstanding Shotcrete Projects constructed in the past year. The Award Selection Committee has announced the 2008 recipients in the following categories: Architectural, Infrastructure, International, Pool & Recreational, Repair and Rehabilitation, and Underground. This year, the high number of quality entries made the process of selecting the winners the most difficult that the judges have encountered since The Awards Program was established. For this reason, those entries that received the second highest score in each category are recognized with an Honorable Mention award. All of these projects represent the best of the best in these applications demonstrating the versatility and efficiency of the shotcrete process.

The ASA Outstanding Shotcrete Project Awards will be presented at the ASA Annual Membership Meeting and Fourth Annual Awards Banquet on February 2, 2009, at the Monte Carlo Resort & Casino in Las Vegas, NV. The winners and honorable mentions will be acknowledged on the ASA Web site, www.shotcrete.org, for the next 12 months and will be featured in upcoming issues of *Shotcrete* magazine. For information on registration for the meeting and banquet, please visit the ASA Web site or call the ASA office at (248) 848-3780. Don't miss the opportunity to network with colleagues and congratulate the 2008 ASA Outstanding Shotcrete Project Award recipients!
